

Pervert Action: Legacy

Hiroshi and Fumi NTR bonus comic

After Kenji accepts Hiroshi's offers, another night unfolds in the mansion.

Fumi: Yo, you called for a thot? I got some big plans for what I'm gunna do to you tonight! Oh, you expected Hana too? Nah, I put her ass to work to make me a little money.

Fumi: You can only stick your dick in one hole at a time anyway, what do you care? She's gotta earn her keep with that tight pucker sometimes. Tell you what, I'll show you the action. Follow me. Here, peep through and check it out.

Fumi: Heh... Hana's such a bimbo. I didn't even tell her Hiroshi's paying me for her ass. We just slipped her a love potion and she spread her legs right away, like always. They already had a full round of fun before we got here. It was pretty funny - she couldn't keep her hands off 'im.

Fumi: Ha! Or her feet! I wonder whose idea that was. You like the view too?
Oh, man, you're already jerking it! What a perv!

Fumi: Outta my way, I wanna peek... Damn, look at that old fucker go! Hana's loving it. Doesn't surprise me, she's been real thirsty for his dong since we had that foursome. Shit, he's gonna make her come *so hard!* Listen to her moan... I gotta fucking fap to that. Yeah... get inside that slut!

Fumi: Here, take a look - you'll love it. You should watch out, though. That guy's experienced cock is gonna steal Hana's pussy away from you at this rate. She's gonna get a-dick-ted! 'sokay, though. You got twins, so I can fuck you whenever she cheats on you, and she can fuck you whenever I cheat on you.

Fumi: Now gimme that wang, you little bitch, I wanna suck it. Mmm... hmmm... yeahhmmmm... Blow your whole load in my mouth. MmmHHMMM!
Hmhhh... yeah, you liked that, didn't you? I can taste it - that was a thick wad.
This is getting you *off*.
