When we last saw our *hero*...

...She had successfully
covered up all evidence of
her coworkers having
suddenly turned into busty
canine caricatures...

...Purposely taken the
animal infection that she
barely understands to a
halloween party...

...Accidently succumb to it
herself, turned into a fox,
lost control and jumped a
frightened party goer...

...Only to lose all desire as soon
as the bunny became a willing
partner.

With mental clarity restored,
she's going to *get them help*,
undo her rampage, *vow to turn*
over a new leaf!

Because it's that easy, right?

BECUMMING #5

You need to stop this and get dressed!

Oh so what, you can muzzle my cooch in the kitchen but a little joking in the bedroom and you-

*We're trying to **Fix** things now!*

*I'm just **Fixin'** to be a vixen's chew toy, is all*

AHHH!

I'll be in the next room!

It seems to be going well

SLAM

What's wrong with her, doesn't she realize she's going to make it worse?!

"Don't I look like a well dressed meal?" Don't you know what that does to me..!

She barely noticed her hand slowly sliding down to *grope* with frustration

*It's...
I...*

Something about the concept of that joke, it ruins me..!

*Picturing her as a
helpless bunny...*

No, shrinking into one..!

*I've never been so
instantly hot in my life..!*

Earlier unsatisfied
urges came roaring
back, her imagination
betraying her

My god...

*Kris looking up at
me, shocked at
her own sudden
helplessness...*

HAA

*Just continuing to prod and tease
the bunny, the roles become more
real as I Force them...*

*Slipping From intentional to
instinct as we become what
we're pretending...*

*...Until there's nothing left of us but the animals we were playing.
I continue to dominate her, unable to stop even as I know I'm
losing the last of myself... Making myself just a, stupid...
Horny little...*

Noooo...!

*What's WRONG with me!
I can't be into this!*

*I've never liked
girls or- Ugh-
Animals like that!
But the change is
so-*

POOF

*Why do I want to be a
dumb Fox!
I love being human!
This doesn't make
sense!*

*GET A GRIP!
You're not giving in!
This is just your Fox
side being stupid,
I'm sure!*

*...Even though the
urges started
before I changed-*

*NO!
Bad Fox!
Bad-*

A fox woman with orange fur, blue eyes, and long brown hair is standing in a room, pulling down a brown dress to reveal her chest. A dog with tan fur and a pink tongue is looking up at her. The background shows a white door and a white cabinet.

-Dog?

She hadn't noticed it snoozing in the corner, but *it* had noticed the scent she was giving off

*Oh sorry boy. Don't mind the crazy Fox thing
muttering to herself, I'll just be go- nng..!*

Are- Are my boobs bigger?!

*No... No it's just... The angle...
I didn't get THAT turned on...*

*Dammit! Come here boy,
I need some comFort
pettings.*

Pant

Smooosh=

Oops!

*Don't think about how a vixen
would love a dog up in her-*

NO!

*It's... Just...
Nice to set
them down on
something, is
all...*

*These are crazy
heavy, though...*

*Only one thing such huge
boobs are good for-*

*STOP I'm NOT
turned on!*

*No, my tail's not
trying to go up...*

*Besides, this
dog wouldn't
even want
vixen boobs,
he'd want a
big titted
bitch, like
that one at
work
earlier...*

Twitch

Incredibly big teats actually... Wide hips too... Long brown head Fur... And blue eyes...! Like... Like...!

Suddenly it was painfully obvious

OUR MISSING VET! No wonder that dog was looking up at me so desperately! I completely missed one of the victims!

The more she thought about the memory, the more confusion and dread she felt

*I didn't even give Kelsy a second glance! No one did, even the vet that examined her barely commented! But she wasn't a NORMAL dog, she could barely keep up with the leash with all that jiggling chest Flesh! I...
HOW DID WE NOT NOTICE HER!*

She must have been terrified turning into a dog like that, getting lost in plain sight... Realizing she was doomed to kibbles forever...

Her heart pounding in her ears wasn't just a symptom of dread any longer, as her face grew flushed and she slid down the wall

She was always so smug about her degree, I'm sure she'll turn the best tricks at the dog show now!

Who can shake paws well! Kelsy can! Good girl, you get a treat!

I can still remember the helpless look on her face as she was yanked out...

He he
he he
he

YIP

Not like I would have helped her anyway, I was just locking all the bitches in the kennel!

I mean I'm just a stupid receptionist right Kelsy? Durr doggy goes on a leash!

sniff

WOW I can't keep my
wits for thirty
seconds, can I!

If a bit of rubbing
earlier really made my
boobs swell, what will
constant fantasizing
do to me?

Oh no...

I'll turn into Kelsy..!

Become a swollen breeding vixen that
no one gives a second glance to!

...And I hate that part of me is
getting so excited about that!

Unconsciously grinding her
thighs together, she had
forgotten all about the dog
inching closer

It wasn't confused. That smell
could only mean one thing

Even before I was changing, it
thrilled me, that I could turn
everyone here into helpless
rutting animals...

And now that I'm half a Fox, it's
so overwhelming that my heart
skips when my tail decides to flip
up my skirt! I get a dizzying rush
from the mere implication..!

I need to stay locked in
here, safely hidden away.
If the opportunity
presented itself, I...
I might...

...As helpless as a

Just sitting there,
waiting to be used...
Trying to see what I've
turned into...

Dripping with 'lubrication'.
My human body blown up
into curvy pink foam that
can still feel everything, the
kennel concrete tickling my
nipples, the draft on my
rubber pussy...

My mouth forced into
an inviting O shape, no
way to tell the
receptionist not to
open a cage, not to
let an excited dog
bound over...

The dog sniffing, then
eagerly mounting me

The need to be used and Fucked
rising strong, my body's design
overwhelming my hangups

If only she had known it was
her supervisor she was
casualy presenting to the
kennel mutts

The receptionist
pausing to Frown
at the dazed look
on my Face

Before shrugging
and wandering
away, as my mind
reeled with
unexpected
pleasure

Known the

And of course the

eventually review
the security

realize what it
was

But by then it was
so horny it could
only imagine itself
as an 'it'

Only picture itself
being pawed,
molested, Fucked,
over and over

Stuck in a
dehumanizing loop,
unable to focus on
anything but
servicing

This is what it
lived for

This is its purpose

What...?

It just wished it
wasn't being held
back

Wished its muzzle
could reach just a
bit further...

Wait...!

She pushed away, stumbling and rising to
a threatened animal arch

*No, that's
not me!*

**whiine*

*What's wrong with
my legs?
I can't stand!*

*No, it's my head...
I...*

*I can't
remember
how to!*

Her mind
raced

*And the dressers
are too big!*

*I'm shrinking, becoming
Fox sized-
That Fantasy did it!*

*Even my tail barely reaches
WHY IS MY TAIL UP?!*

*I'm still presenting to
the dog? I need to
leave!*

She stumbled forward on her hind paws, falling against the door and scratching desperately, distractedly trying to force her tail to lower

There are humans out there, they'll know what to do! They'll help a scared Fox!

Whiiiiine

Let me out!

*I can't get through! It
was something to do
with this round thing..?*

She scrambled at the door knob,
pushing and scraping against
the door to stay upright

The muscle memory to shift her
hips and stance was no longer
there, and she found herself
constantly off balance

Falling to the ground she dug frantically,
her dull claws tugging the carpet

Too flustered to hold it down,
her tail raised automatically,
giving the dog an eyeful

*It's hopeless! I got myself trapped in one of their cages!
I'm too much of a dumb fox to get away!
I'm...*

I'm a trapped animal!

No different from
the doggy coworker
she'd caged earlier

What are these? I have so many boobs...!

It was slowly coming back. All day she'd been getting hornier, perverse thoughts about dogs swirling in her mind. She had finally broken down, unlatched a kennel door, and as the dog took her she felt her body stretching and twisting.

By the time she had passed out, it felt totally different. Now she knew why

Acting like a bitch... Looking like a bitch... No wonder someone mistook me for one and locked me in.

She could still smell the other dogs out there, as her tentative rubbing became more motivated.

I don't want to be a bitch... But it feels so good...

She was still in heat.

The only thing better than rubbing all of my boobs...

*...Is another dog to
bend me over and make
them **bounce** like... Uh...*

Reality came
rushing back

...?

She scrambled to cover herself

*I'm right on the edge of becoming
a vapid breeder like her...*

She could barely move under his
gaze, as though she were hypnotized

*I can keep my tail d-down
if I really try...*

**YAP!*

The tug was violating somehow, not that she could understand why

I- I gotta stop this..!

What she *could* grasp was her thighs rounding into hindquarters, and something under her paws

Riip

*T-This is
not how I
pictured my
First time!*

She squeezed
the two boobs
underneath,
watching her
cleavage
(and tail)
rise

*They're so big...!
I can barely move!*

But they were **perfect**
for a litter, and she
was **tiny** enough to
hide from predators

*He's laying down, now's my
chance to get away!*

She cocked her head at
the thought. *Why would
she want to do that?*

*I'm going to get pregnant
if I stick around!*

She squirmed to all
fours at that, her many
breasts heaving
awkwardly.
*Of course she was, that
was the point!*

*I'm not ready
For this!*

But her body said
otherwise...

This is so wrong...

She couldn't recall why though. *Because it wasn't in a forest..?*

The human wraps are shrinking...

That felt right somehow, more natural

Now he can see what a perfect vixen I am

*...Especially
with this out of
the way*

Thanks For buying the comic!

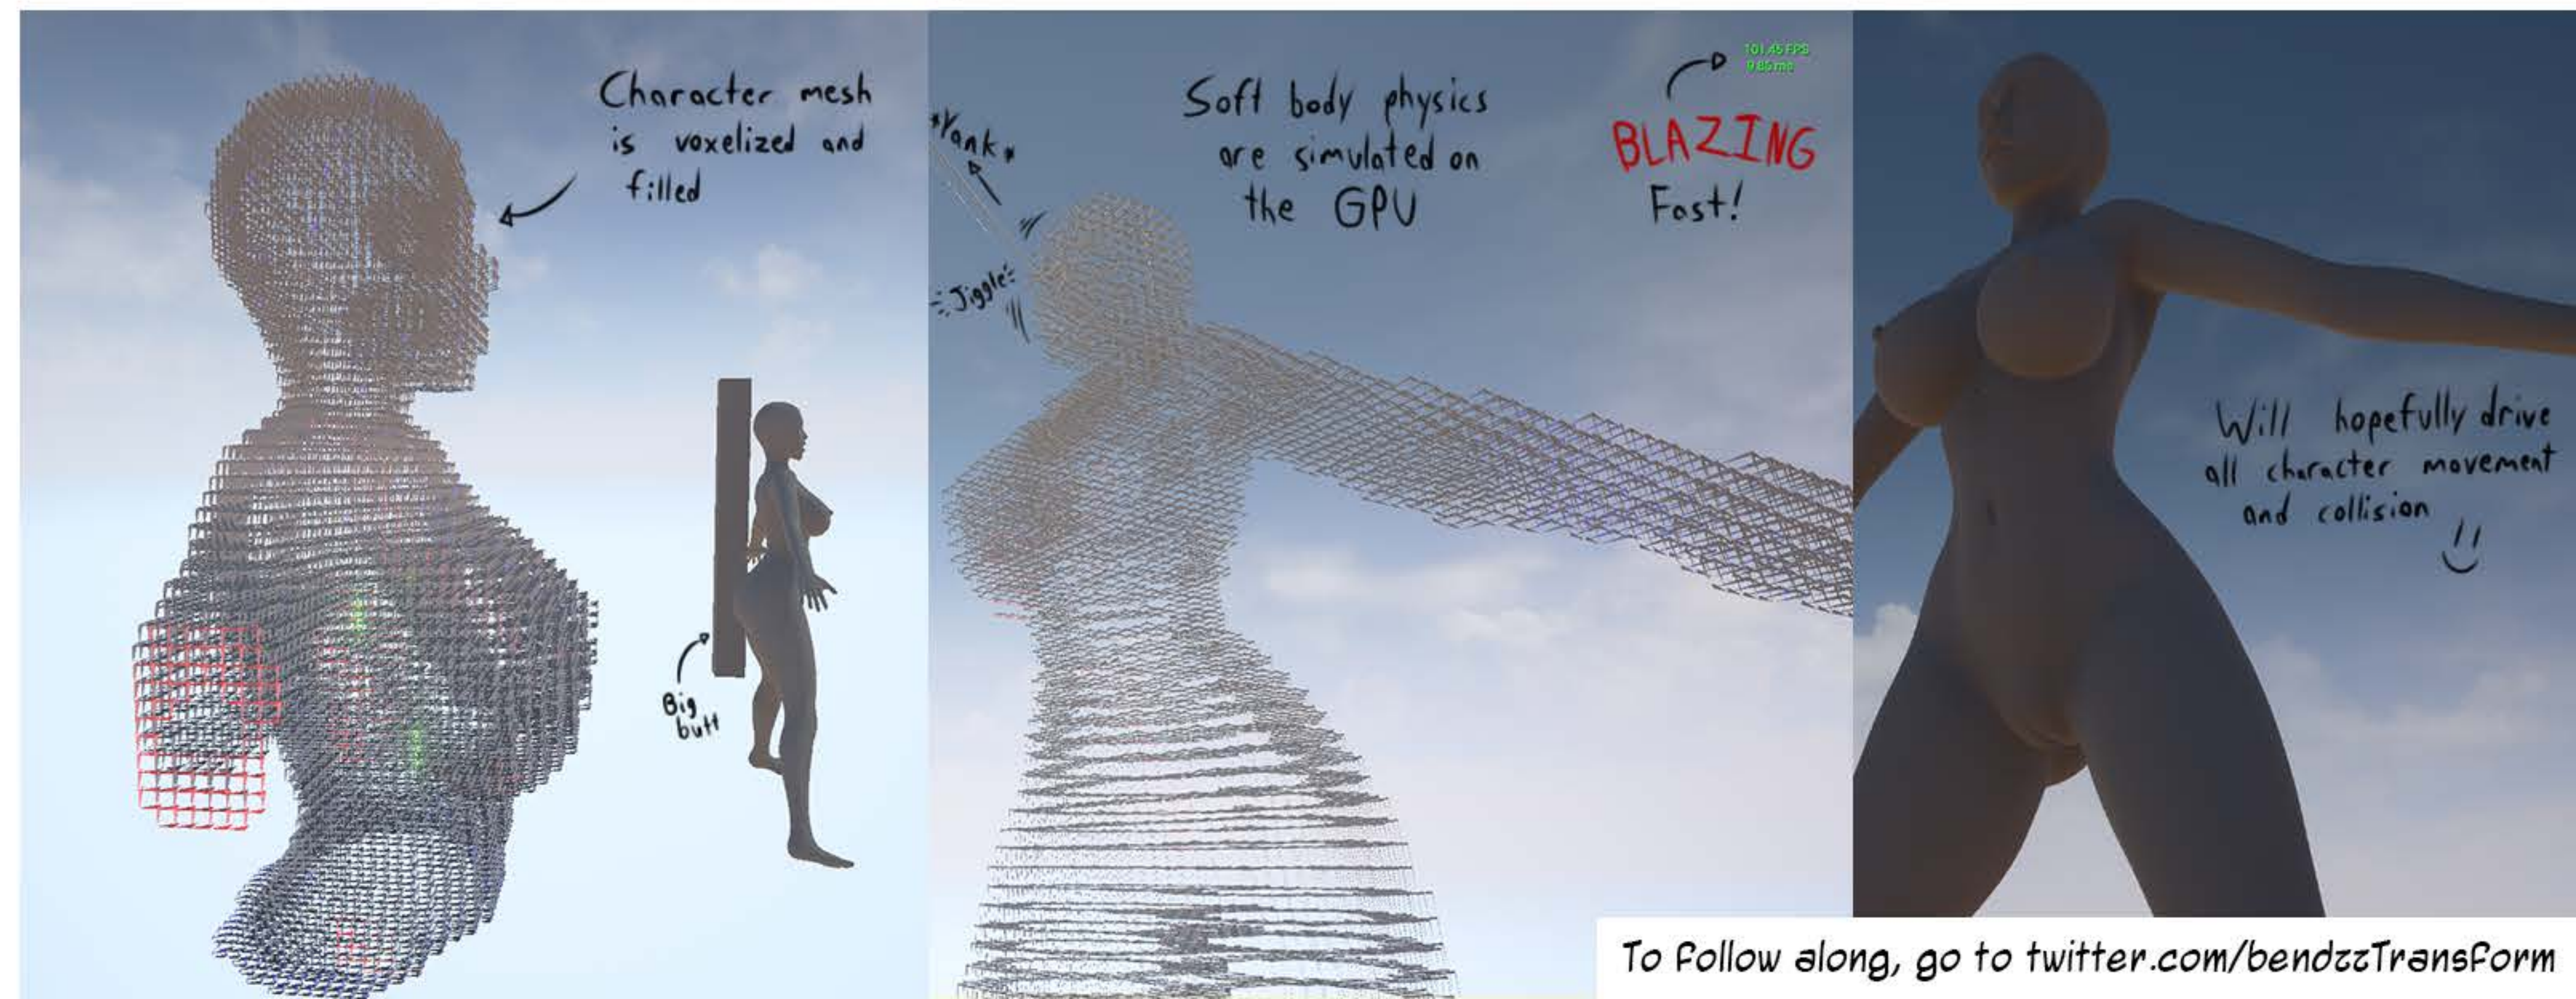

I never get feedback on these things, so if you messaged me (bendzz) to let me know what you liked or disliked, that'd be appreciated.

We've got a lot of ideas, but I think the next comics will be rougher. 430 hours per comic is a bit intensive.

So until the TF game project is concrete enough for crowd funding, these pay comics are my best way to buy coding time. So I'd really prefer you *didn't share them publicly*. Please.

Calling it a 'game' is almost misleading; There're no scores, no objectives. Just porn. Just us taking our favourite TF themes and mixing in VR plus multiplayer. Cross your fingers that our soft body animation system works. We've put in months of research and we've got many more to go before we find out. If it does happen, this could be the *best looking porn game ever made*. If not, well, we tried =)

*...Ashes, ashes,
they all fall
down...*
